Laughing Together

Laughter Yoga workshop, run by senior instructor Bella. Special offer until the end of October: NIS 1,450 instead of NIS 1,800 for groups of up to 50 participants.

Duration of workshop: approx. one and a half hours. Bella is a senior instructor in laughter workshops, in which a number of different breathing exercises are combined to produce a genuine belly-laugh that rolls up and bursts from your mouth. One of the advantages of this method is its ability to bridge moments of social embarrassment, and differences in age, sex, race, and nationality.

The group activity helps people loosen up and come together, and is suitable for activities involving children, teenagers, and adults, and for bonding sessions in the work place, at events, and at parties.

"Laughter Yoga" therapy was invented by Dr. Madan Kataria, an Indian GP, at whose feet Bella learnt the doctrine. Laughter increases the amount of endorphins in the body and reinforces the immune system, even when it is forced. Continuous laughter for an hour or more is recommended as a health benefit, and clubs have sprung up for people who roll with laughter both in India and worldwide.

To book a group workshop, call 052-489-2900 or visit www.bella.co.il
